PRIDE PLAZA, NEW DELHI

ELECTRICON 2026

EV **BUSINESS** CONFERENCE & EXHIBITION

Building on the strong foundation of Electricon 2024 and 2025, the 2026 edition successfully positioned itself as India's leading commercial EV business platform, bringing together OEMs, fleet operators, logistics players, charging infrastructure companies, battery technology firms, policymakers, investors, and solution providers.

Designed as a business-outcome-focused platform, the event went far beyond the traditional conference and exhibition format, delivering high-impact networking, curated business interactions, problem-solving forums, and actionable industry insights.

Key Themes:

- Large-Scale Electrification of India's Transport
- EV Battery and Component Supply Chain
- Technology Stack for Reliable Commercial EV Operations
